TENDER SUBMISSION

Date: 5 November 2025

To: Nz design studio

Subject: Tender Submission – Project-test

Project Location: Location1

Tender Reference: TENDER-23

Tender Submission Letter

Dear Sir/Madam,

On behalf of VSP Interiors Limited, we are pleased to submit our formal tender for the above project. We offer more than competitive pricing — we deliver reliability, quality, and peace of mind.

As a specialist manufacturer and installer of bespoke kitchens and architectural joinery, we understand that fit-out work defines the final impression of any building. We take this responsibility seriously — which is why some of New Zealand's most respected builders and developers rely on us to deliver projects that are visually exceptional, on schedule, and to the highest standards.

Founded on strong trade principles and sharp business systems, we provide complete in-house control of the joinery process — from shop drawings and CNC production to edge-banding, finishing, delivery, site installation, and quality assurance. Our workshop and skilled team are structured to manage multiple projects simultaneously, with short lead times. We routinely deliver:

- Kitchens, vanities, laundry, wardrobes, office, and retail joinery
- Engineered stone benchtops, laminate tops, solid surface, and timber benchtop solutions
- Public sector works (schools, aged care), commercial apartments, and high-end homes

All production is managed through integrated systems for traceability, accuracy, and delivery control.

Yours faithfully,

Vishal Prasad
Director
VSP Interiors Limited
